How to redeem your MyFarmWorks discount:

1. Log into your WLBP Farm Records account. Click the link to MyFarmWorks
2. Once you reach MyFarmWorks you will either need to login to an existing account or create a new one.
3. By successfully logging into MyFarmWorks through WLBP Farm Records the system will know that you are a WLBP member.
4. Once you select a MyFarmWorks subscription, a discount coupon will be automatically applied to the checkout providing you are in active membership

PLEASE NOTE

- The 10% discount is only available to WLBP members
- It is essential you access & subscribe to MyFarmWorks in a web browser via WLBP Farm Records to secure the 10% discount.

How to export files from Farm Records to MyFarmWorks:

To help you set up your current animals and treatments in MyFarmWorks, you can download CSV export files from the Export section of the Farm Reports page on WLBP Farm Records.

There are two types of files which you can export over to MyFarmWorks:

Animals On Holding
This report displays animals currently on holding so you can export them in a format suitable for import into MyFarmWorks.

Treatments
This report displays veterinary treatments so you can export them in a format suitable for import into MyFarmWorks.

Download CSV files from both these sections and save locally on your device.

Once you have logged into **MyFarmWorks**, you will then be able to import the data:

Animals on Holding Import:

Setup → Import Animals → File → Choose the file exported from Farm Records

Treatments Import:

Record → Treat Livestock → Import Treatments → Choose the file exported from Farm Records
